General Conditions:

- It is the sole and expressed responsibility of the requester to secure any necessary permits of construction, occupancy, etc. from the proper authorities.

The Maintenance Corporation, the Board of Directors and the Architectural/Design Review Committee make no representation or warrant, expressed or implied, by its approval of this application as to the structural soundness of said change, to the legality of said change, nor do they act in any manner as an agent or agency of any municipal, county, state or federal jurisdiction with respect to the interpretation of laws, ordinances, statutes or other rules and regulations applicable to any and/or all said changes.

- It is the position of the Architectural/Design Review Committee that any requester should secure the services of competent professionals in the areas of law, engineering or other services required by the requested change.

- It is also the sole responsibility of the requester to ensure that all improvements, as approved by the Architectural/Design Review Committee, be erected within the property lines of the requester and under no circumstances erected on private open space.

- All work will be done expeditiously once commenced and will be done in good workmanlike manner by requester or a professional contractor. No work or commitment to begin work will be made until written approval has been received from the Architectural/Design Review Committee.

- All construction material should be stored exclusively on owner's property and not on private open space, parking areas or easements. It is understood that the owner shall be responsible to restore the property to its former condition should any damage occur to such areas.
